SATISFACTORY ACADEMIC PROGRESS POLICY

Satisfactory progress in attendance and academic work is a requirement for all students enrolled in this school for whatever schedule. It is provided prior to enrollment.

NOTE: Students receiving funds under any Federal Title IV financial aid program must maintain satisfactory progress to continue eligibility for such funds. Satisfactory academic progress is defined as the individual student's performance in the areas of cumulative academics and attendance. This is checked as follows:

Cosmetology:	450/900/1250	Actual hours
Esthetics:	300	Actual hours
Manicuring:	200	Actual hours

The evaluations are designed to occur no later than the midpoint of the academic year of the course, whichever occurs sooner. Students will receive a hard-copy of their satisfactory academic progress determination at the time of each of the evaluations/

A minimum cumulative grade average of 75% must be maintained for a student to be considered as making satisfactory academic progress. Students need to adhere to the following grading scale:

A=94-100% B=85-93% C=75-84% D=65-74% F=0-64%

Students will be graded on written work, practical work and other performances. The grade point average is determined by accumulating and combining all grades received. Students must maintain an overall GPA of 75% to maintaining academic satisfactory at the Academy. Students are graded on theory and practical evaluations. Practical work is based on established criteria that are converted into a grade. Students either get the point or they do not and then the number right versus the number possible is calculated into a grade percentage. Clinical work is marked as having been completed, but is not weighed into the overall grade point average.

Attendance is completed for all students regardless of their course of study. Students must maintain a minimum cumulative average of 80% of the hours scheduled in their written enrollment agreement to be considered as making satisfactory progress in the area of attendance. Based on the 80% attendance requirement, the maximum time to complete the educational program is 125% of the course length to be measured in academic years to be in satisfactory progress. However, overtime charges will apply as soon as the student surpasses his/her contract end date.

Students who meet the academic and attendance requirements are considered to be making satisfactory until the next scheduled evaluation. Students deemed not making academic progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal of the determination that resulted in the status of probation. Students are notified of any evaluation that could impact their Title IV money, if applicable, by receiving written notification of the determination.

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and are considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the sections required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period the student has still not met both the attendance and academic requirements, the student will be deemed ineligible to receive Title IV Funds.

APPEAL PROCEDURE

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of a student, or any other allowable special or mitigating circumstances. The student must submit a written appeal to the school on the designated form with supporting documentation of the reasons why the determination should be reversed. This information should include

what has changed about the student's situation that will allow them to achieve satisfactory progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the student will be placed on probation and federal financial aid will be reinstated, if applicable.

PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision and prevails upon appeal. Additionally, only students who have the ability to meet the satisfactory academic progress policy standards by the end of the evaluation period may be placed on probation. Students who are progressing according to their specific academic plan will be considered making satisfactory academic progress. The student will be advised in the writing of the actions required to attain satisfactory academic progress by the next evaluation.

If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by academic plan, he/she will be determined as NOT making satisfactory academic progress and if applicable, students will not be deemed eligible to receive Title IV Funds. The school will develop an action plan to help a student re-attain satisfactory progress status.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the probationary period. Students who do not achieve the minimum standards are no longer eligible for Title IV.

Any student who must interrupt his/her training due to a leave of absence will be re-admitted on or before their documented date of return at the same progress level they had attained prior to their leave of absence. A student who was making satisfactory progress at the start of their leave of absence will be considered making satisfactory progress when they return. A leave of absence will extend the students contract period and maximum time frame by the same number of days taken in the leave of absence. Students who withdraw and wish to re-enroll may do so at the same level or progress they had attained prior to withdrawal. Students who are re-admitted will be placed on probation for a period of 30 days. At the end of the 30 days, the student's progress will be evaluated. If the student is not making satisfactory progress in all areas, their enrollment will be terminated and they will not be eligible to re-enroll.

COURSE INCOMPLETES, REPETITIONS AND NON-CREDIT REMEDIAL COURSES

Course incompletes, repetitions and non-credit remedial courses do not apply. Therefore, these items have no effect upon the school satisfactory academic progress standards.

Our goal is to prepare you for future employment. We operate like a professional salon environment. Late arrivals and absence interrupts your training and clinic floor, just as if you were employed in a salon, day spa or other professional environment.

All students must use a weekly time card for in and out entries and for breaks and lunch and when leaving school premises for the day and at any time when not applying themselves to training. Students must abide by their individual schedules. Students arriving at 9:00 am will be considered ON-TIME.

Not the same day.

SATURDAY ATTENDANCE

You must attend school on Saturday unless you have it written in your enrollment agreement or you have a Request Time Off in your student file with School Director signature. Not attending on Saturday will result in a three (3) day suspension. Written doctor's excuses must accompany your return on Tuesday. Excuse must have a doctor's letterhead and not be a call-in appointment, excuse is only to avoid suspension from school.

EXCUSED ABSENCE POLICY

TARDINESS POLICY

Tardiness is only allowed when road conditions affect five (5) or more students. Call in is mandatory.

TIME CARD POLICY

All students are responsible for completing their own weekly time cards in the proper manner. All time-cards are to remain on school premises AT ALL TIMES and in the proper time card slot during the day. Students should at no time complete the record of another student. The time card is to be handled by the name appearing on the card only. Time cards should stay in the designated clock-in area unless instructed to fill-in or complete at the end of the day.

The weekly time card must have final OUT punch for every day present, be properly verified by the floor instructor and initialed each week along with a final signature before new time card is issued. Time-cards not turned in and not properly filled out can result in written and verbal warnings. You must have a Calculator for Saturday to insure accuracy of totals.

State board requires the use of a time clock and further prohibits instructors from altering or approving manual clock entries. White-out is not allowed on time-cards. The law required that students have a 30-minute break after six (6) hours of applied effort. Applied effort is necessary for every clocked hour.

APPLIED EFFORT IN THEORY CLASS

This includes class participation, readiness with class materials, attentive listening skills, note-taking and taking exams along with class requirements.

APPLIED EFFORT IN DEMONSTRATION CLASS

Visual contact without distraction, questions that apply to demonstration and immediate practice of techniques demonstrated.

APPLIED EFFORT ON CLINIC FLOOR

Respect for floor instructor's leadership. Quality client care with all clients. Manikin practice when not serving a client. Recording all procedures on your time-card. Keep accurate accounting for your time-card. Record all operations and required hours daily. Each operation must be initialed.

LEAVE OF ABSENCE POLICY

Extenuating circumstances such as family illness, personal medical problems, death of immediate family member, employment issues, and active military duty are possible interruptions during a student's enrollment period. An authorized leave of absence (LOA) is a temporary interruption in a student's program of study. LOA refers to the specific time period during a program when a student is not in attendance.

All above reasons are the reasons in which Academy will grant a leave of absence. Please Note: Proper documentation must be attached (doctor's notes, military orders, obituary or formal letter from employer.

The following guideline must be followed for formal leave of absence:

- The student will request an appointment with the School Director. Student must fill out a formal written request in advance of the time off requested. The request should be signed and dated by the student and must contain the dates the student expects to be unable to attend school, including the date the student expects to return to school.
- There must be a reasonable expectation that the student will return from LOA. In order for the LOA to qualify as an approved LOA, the request must be submitted in advance in writing as described above, must include the reasons for the student's request, the expected return date and the student's signature. All leave of absence request must be approved by the Academy's Director, Lynda Jordan.
- In the event that unforeseen circumstances prevent a student from providing the request prior to the LOA. (Car accident for example) Le Mélange Academy of Hair will document the reason for granting the LOA and will require the request from the student at a later date. In this instance, the beginning date of approved LOA would be determined by the Academy to the first date the student was unable to attend the Academy because of the unforeseen circumstance.
- A student on a leave of absence will incur no additional charges by the school. A LOA and/or failure to return from a Leave of Absence may affect your loan interest rates and/or repayment timeline. Please see Financial Aid Advisor for more information.
- The LOA together with any additional leaves of absences must not exceed a total of 180 days in any twelve (12) month period.
- A student granted an LOA that meets these criteria is not considered to have withdrawn, a no refund calculation is required at that time. The Academy will extend the student's contract period by the same number of days taken in the LOA. Changes to the contract on the enrollment agreement must be initialed by all parties or an addendum must be signed and dated by all parties.
- If a student loan recipient does not return from an approved leave of absence, the withdrawal date will be set retroactively and the student could have used up some or all the grace period for their loan. The grace period starts on the last day of attendance.
- The withdrawal date for the purpose of calculating a refund is always the student's last day of attendance. All refunds will be due 45 days from the date of determination. Any student failing to

return to school after the expiration of a leave of absence will be withdrawn from school on that day and the withdrawal date will be their last day of attendance.

- Students who do not return are required to complete an exit counseling interview with the Financial Aid Advisor.
- Students returning from an authorized LOA will retain all credit of clocked hours and work projects completed and will return to the same SAP status held prior to leave.

MAKE UP POLICY

In order to make up work missed, student must fill, in pen, an “Extra Day’ Request” at least 24 hours in advance and have it signed by the Director of Education. A part-time student can only make up two (2) extra days per month. Student should coordinate with the instructor for make-up tests or operations.

OVERAGE TIME

You must attend classes per your contract. If you have frequent absences, you will be subject to citations, warning notices, probation, suspension or termination. Overage charges for attendance past your estimated graduation date will be charged on an hourly rate per program. Example Esthetician is \$14.69 an hour x 7 hours a day=\$103.83 per days over scheduled completion date.

DISCIPLINARY POLICY:

Students must understand that any infraction of the Standards of Conduct, Rules and Regulations of the Board of Barbering and Cosmetology, Le Mélange Academy’s enrollment agreement or Student Catalog could result in disciplinary action: Our policy starts with Warning and could possibly end with Termination.

Warnings: Verbal or written warnings can be given first of infractions of standards of conduct, or non-compliance with educational requirements. If the student does not correct the problem, they may be suspended for one to three days depending on the severity of the infraction. If the problem is not corrected the student may be placed on 30- day probation.

Probation: The student will be observed for 30 days for any infraction in which he or she has been warned in writing and or possibly suspended for short duration and if the matter continues to be a problem. Academic, attendance, or behavioral probation may be given. Students on probation are not allowed to receive personal services, attend field trips, or serve as models for demonstrations.

A monthly list of students on probation will be given to each instructor. (Exceptions can be made when the probation is a SAP determination and a pass has been given by School Director and Financial Aid Advisor) Example would be when lapse in attendance was beyond student’s control of circumstances.

Suspension: Enrollment may be immediately suspended of 1 to 3 days for any infractions of the Standards of Conduct and Rules and Regulations, non-compliance with any educational requirement. This includes failure to make payments as agreed in the enrollment agreement. Students on suspension are not allowed to be on school premises or receive services on clinic floor.

Termination: Enrollment may be terminated at the discretion of the School Director for any reason deemed necessary. To maintain the positive educational environment and general objective of the school, or for any of the following reasons with no warning given:

- Immoral or improper conduct
- Non-compliance with educational requirements
- Use of drugs and or alcohol, which includes prescription marijuana during school hours
- Clocking in or out another student

- Cheating or stealing

GROUNDINGS FOR TERMINATION

The student enrollment may be terminated if the student's academic progress, behavior, attendance, tardiness, dress, etc., does not conform to the school policies regarding these issues. Not attending school regularly per contract is also grounds for termination. The extent of the student's tuition obligation will be in accordance with the school Refund Policy. Failure to make required contractual payment is grounds for termination.

If a student is terminated for gross misconduct, which includes but is not limited to reporting to school under the influence of alcohol or illegal drugs, cheating, stealing, insubordination, threats, and or bullying, such termination is final and may not be appealed.

Le Mélange Academy of Hair shall refund any refundable amount within 30 days after it received the notice of cancellation. Notice of cancellation may be given by mail, hand delivery or fax. The notice of cancellation, if sent by mail, is effective when deposited in the mail, properly addressed with postage prepaid. The written notice of cancellation need not take any particular form and, however expressed, is effective if it states that student no longer wishes to be bound by this enrollment agreement. Further, if student has received financial aid funds, the student is entitled to a refund of monies not paid from federal student financial aid program funds. (PHONE MESSAGES ARE NOT ALLOWED. TO BE WRITTEN ONLY)

A student may cancel their agreement with the school at any time by providing a written notice and a withdrawal may be affected by a student's lack of attendance. The school provides a pro-rated refund of non-federal student financial aid monies paid for institutional charges of the amount paid for institutional charges, less the enrollment fee and application fee, if notice of cancellation is made through attendance at the first class session or the seventh day after enrollment, whichever is later. In calculating any tuition refund due, enrollment time is defined as the time elapsed between the actual starting date and the date of the student's last date of physical and recorded attendance. The percentage of attendance will be determined by the actual hours attended divided by the total hours in the program.

TERMINATION OF ENROLLMENT:

Student's enrollment will be terminated by Le Mélange Academy of Hair when:

1. The student notifies the school of his/her withdrawal;
2. The student fails an academic probation or violates the school's rules and policies;
3. The student is absent for fourteen (14) consecutive calendar days. The 15th day constitutes the day of withdrawal;
4. The student fails to return from an approved leave of absence on the scheduled date of return. The scheduled date of return constitutes the formal date of withdrawal except in the event the student notified the institution that the student will not be returning, in which case that date shall be the formal date of withdrawal (Last date of attendance)
5. Termination under any grounds (institution or buyer) is subject to an administrative fee \$150.00. This must be paid in full by buyer before any release transcripts or applicable refunds can be issued. (No transfer of hours to new school.

APPLICATION OF REFUND

Student agrees that if any portion of the cost of her/his attendance was covered by proceeds of a federal loan, then a refund will be sent to the lender. Any remaining amount of a refund will first be made to the financial aid programs from which benefits were received, according to the order of priority provided in federal regulations. Any amount remaining shall be paid to the student.

FEDERAL STUDENT FINANCIAL AID LOANS

If the student is eligible for a loan guaranteed by the federal or state government and the student defaults on the loan, both of the following may occur:

1. The federal or state government or a loan guarantee agency may take action against the student, including apply any income tax refund to which the person is entitled to reduce the balance owed on the loan.
2. The student may not be eligible for any other student financial aid at another institution or other government assistance until the loan is repaid.

UNOFFICIAL WITHDRAWALS

Unofficial withdrawals are handled by the chief financial officer Joyce Hangman. Students are notified by phone and mail that they are dropped after 14 days without an absent notification. All withdrawal procedures will be drawn up on all students who withdraw or are terminated, regardless if the student does not owe the school any money. This is to include students who withdraw within the cancellation period. These documents shall be placed in the student file.

RETURN TO TITLE IV FUNDS

The law requires that when you withdraw during a payment period, the amount of SFA program assistance that you have earned, up to that point is determined by a specific formula.

If you received (or the school received on your behalf) less assistance than the amount you earned, you will be able to receive those additional funds. If you received more assistance than you earned, the excess funds must be returned. For the purpose of determining the amount you owe, you shall be deemed to have withdrawn from the program when any of the following occurs:

You notify school of your withdrawal or the actual date of withdrawal, the school terminates your enrollment, you fail to attend classes for a period of 14 days, and you fail to return from a leave of absence. In this case, the date of withdrawal shall be deemed to be the last date of recorded attendance.

The amount of assistance that you have earned is determined on a pro-rata basis. That is, if you complete 30% of the payment period, you can earn 30% of the assistance you were originally scheduled to receive. Once you have completed more than 60% of the payment period or period of enrollment, you earn all of your assistance. If you received excess funds that must be returned, your school must return a portion of the excess equal to the lesser of your institutional charges multiplied by the unearned percentage of your funds, or the entire amount of excess funds. If the amount paid is more than the amount owed, then a refund will be made within 45 days of withdrawal. If the amount owed is more than the amount paid, then you must make arrangements to pay it.

Any loan funds that you must return, you (or your parent for a PLUS Loan) repay in accordance with the terms of the Promissory Note. That is, you make scheduled payments to the holder of the loan over a period of time. If you are responsible for returning grant funds, you do not have to return the full amount. The law provides that you are not required to return 50% of the grant assistance that you receive that is your responsibility to repay. Any amount that you do have to return is a grant overpayment, and you must make arrangements with your school or the Department of Education to return funds. Students are advised that they may owe money to the School if they withdraw, as the California State refund policy will apply for contract purposes.

Section 504 prohibits discrimination on the basis of disability in any program or activity receiving Federal financial assistance. The Law and Regulations may be examined to coordinate the efforts of the School to comply with Section 504.

The Section 504 Grievance Coordinator (or her designee) shall investigate the complaint (i.e., identity and obtain relevant evidence, identify and obtain statements from relevant witnesses) and afford all interested persons as opportunity to submit relevant evidence.
